Objective: Dedicated and experienced Full Stack Developer with a proven track record of creating web and mobile applications. Seeking an opportunity to leverage my skills and expertise in JavaScript, Python, Java, Kotlin, PHP, C#, Swift, and database systems to contribute to an innovative tech team.

Education:
- Bachelor of Science in Information Technology
  PHINMA – University of Pangasinan, Dagupan, Pangasinan
  Graduated: June, 2022

Professional Experience:
Intern
Tech Company, Manila, Philippines   **March 2023 – May 2023**
  - Collaborated with a team of developers to design, implement, and test web and mobile applications.
  - Assisted in the development of features and functionalities for existing projects.
  - Gained hands-on experience with technologies such as JavaScript, Python, Java, Kotlin, PHP, C#, Swift, and more.
  - Contributed to problem-solving and troubleshooting efforts in a fast-paced development environment.

Project Highlights:
1. Website and App Development (1st Year College)
  • Successfully developed a website and app program during the first year of college.
  • Gained foundational programming skills and problem-solving abilities.
2. Website Android App (2nd Year College)
  • Created a functional Android app during the second year of college.
  • Developed proficiency in mobile app development using Java and Kotlin.
3. App with Database System (3rd Year College)
  • Designed and implemented a working app integrated with a database system in the third year.
  • Acquired expertise in database management and optimization.
4. Final App (4th Year College)
  • Developed a comprehensive final app project during the fourth year of college.
  • Demonstrated advanced skills in full-stack development, including frontend and backend technologies.

Skills:
  • Proficient in JavaScript, Python, Java, Kotlin, PHP, C#, Swift.
  • Visual communication expertise and design development.
  • Ability to work independently while collaborating effectively within a team.
  • Exceptional organizational skills.
  • Knowledge of email marketing strategies and HTML formatting.
  • Working knowledge of HTML5, JQuery, PHP, XML, CSS3.
